Le sac en papier merci
Ce sac peut contenir
votre attention, votre pain,
vos amitiés, votre cœur,
vos espoirs, vos sermons,
vos rêves, votre confiance,
votre amour, votre prière,
vos hallucinations, vos rêves,
vos idées, vos rêves,
vos rêves, votre soutien...
Merci.

MADE IN SPAIN

Our laminate floors offer a highly realistic alternative to hardwood and ceramic materials.

We lead the industry in developing cutting edge technologies that allow us to create realistic stunning designs that are highly durable, easy-to-install, and complementary to your lifestyle and home.

Technical Information:

SUITABLE FOR FLOORS WITH UNDERFLOOR HEATING

FAUS laminate floors are fully compatible with underfloor heating systems.

SEALING EDGES AROUND THE PERIMETER

The entire surface of the FAUS anchoring system is impregnated with paraffin that repels moisture and protects the floor in the event of occasional filtration.

JOINTGUARD

The joints between floor boards are totally protected thanks to the patented FAUS technology, Jointguard. This technology protects the edges of the floor boards against rubbing and footsteps.

HDF "HIGH DENSITY FIBREBOARD"

FAUS flooring has a high-density fibreboard, composed of water-repellent resins that prevent the floor from swelling and preventing the appearance of debris between joints. In turn, it minimises the dilatations produced by changes in temperature and humidity.

ABRASION RESISTANCE - AC6

FAUS laminate flooring has high resistance to wear and tear, guaranteeing that the appearance of the product is not altered by time, keeping its finish and appearance intact. Please note Boheme Oak is AC5 rating.

CLASS OF USE 33

Thanks to the technical properties and quality of the materials used, FAUS flooring achieves Class 33, ensuring it is suitable for use in spaces with a high level of circulation.

FLAME RETARDANT

Resistant to fire. Due to the treatment the flooring receives in its manufacturing process, FAUS floors are certified as Euroclass Bfl-s1 (EN13501-1). Certification that makes them suitable for high risk environments, as required by the Technical Building Code (CTE).

ENVIRONMENTALLY FRIENDLY

With FSC® and PEFC™ certifications, FAUS certifies that all its flooring is manufactured in a sustainable and respectful manner. All the raw materials used come from excellent forest crops with sustainable exploitation.

ANTISTATIC

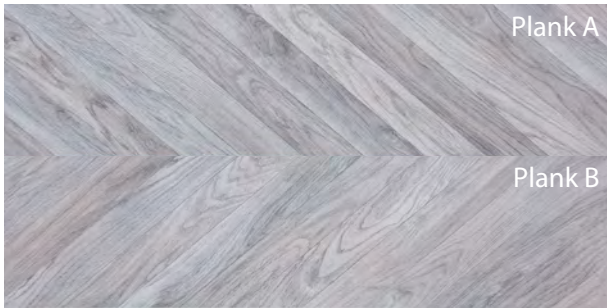

Manufactured with properties that help prevent or eliminate static electricity, FAUS floors help promote comfort and well-being in any situation.

MASTERPIECES

Skillfully manufactured to recreate grand chevron and herringbone designs in a broad colour palette.

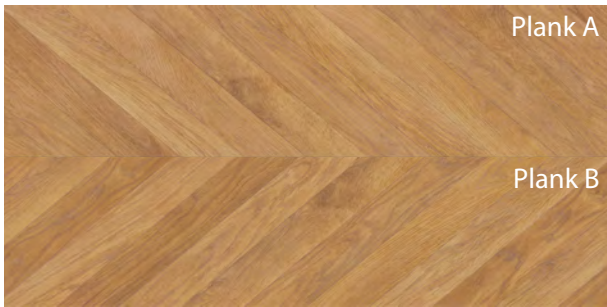

CHEVRON GREY
1184 x 293 x 8mm - 2.08 m² per pack

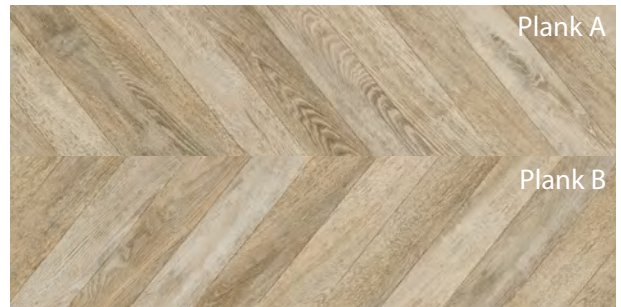

HERRINGBONE NATURAL
1184 x 293 x 8mm - 2.08 m² per pack

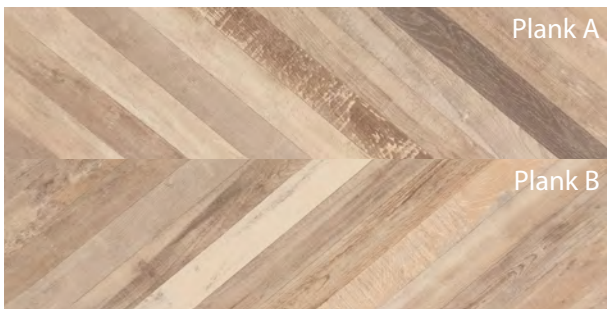

ULTRA MATT

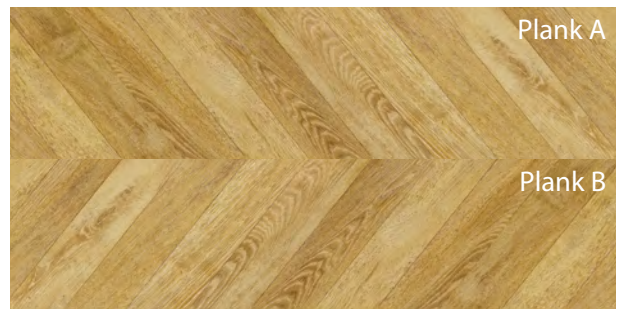

CHEVRON NATURAL
1184 x 293 x 8mm - 2.08m² per pack

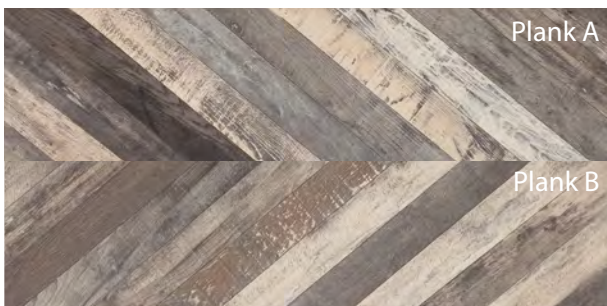

CHEVRON CHIC
1184 x 293 x 8mm - 2.08m² per pack

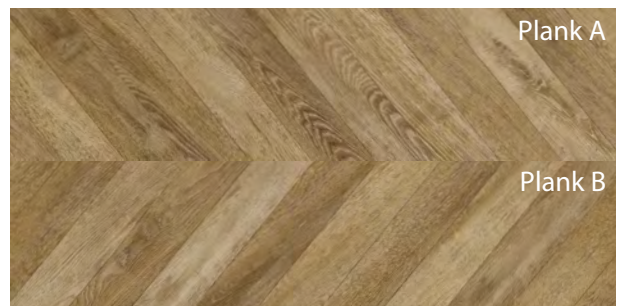

CHEVRON CREAM
1184 x 293 x 8mm - 2.08m² per pack

CHEVRON BOHO
1184 x 293 x 8mm - 2.08m² per pack

CHEVRON VINTAGE
1184 x 293 x 8mm - 2.08m² per pack

CHEVRON CLASSIC
1184 x 293 x 8mm - 2.08m² per pack

CHEVRON GREY

Size: 1184 x 293 x 8mm
Pack: 2.08m²

CHEVRON VINTAGE

Size: 1184 x 293 x 8mm

Pack: 2.08m²

HERRINGBONE NATURAL

Size: 1184 x 293 x 8mm

Pack: 2.08m²

STONE EFFECTS

Combining the aesthetic strength of stone with the practical benefit of laminate.

PARQUET STONE

Size: 1183 x 293 x 8mm
Pack: 2.08m²

ELEGANCE

The typical characteristics of natural wood are faithfully imitated in the Elegance range. Featuring an authentic woodgrain texture, the visible saw marks to the surface create a distinguishing feature.

ANTIQUE LIGHT

Size: 1180 x 394 x 8mm
Pack: 2.32m²

ANTIQUE PURE

Size: 1180 x 394 x 8mm
Pack: 2.32m²

INDUSTRIAL TILES

Concrete and cement effect flooring in large tile format to create a modern interior in urban developments.

FACTORY PERLADO

Size: 1184 x 601 x 8mm
Pack: 2.13m²

FACTORY AZABACHE

Size: 1184 x 601 x 8mm
Pack: 2.13m²

R E T R O

An artistic collection of Victorian and vintage tiles with a contemporary twist.

VICTORIAN TILE

Size: 1180 x 394 x 8mm
Pack: 2.32m²

TRADITIONAL TILE

Size: 1180 x 394 x 8mm
Pack: 2.32m²

BLUE TILE

Size: 1180 x 394 x 8mm
Pack: 2.32m²

SYN C R O

Each panel features a rotated plank to one end to create a striking angular feature.

BOHEME OAK

Size: 1181 X 292 x 8mm
Pack: 2.07m²

TECHNOLOGIES

MICROBEVEL

ALL FLOORS

Thanks to this technology, FAUS flooring perfectly reproduces the micro bends that form in the floor boards when imitating the cast. In this way, each board faithfully highlights the design, presenting a completely natural look.

REALFEEL

ALL FLOORS EXCLUDING CHEVRON

100% realistic floors that imitate every detail of the noble materials. Feel the naturalness of the wood, the roughness of stone and enjoy the softness of ceramic with the tips of your fingers without losing the warmth and comfort offered by laminate floors.

ULTRA MATT

CHEVRON FLOORS

Get a worn effect of sawn wood with the new Ultra Matt manufacturing technology. Ultra Matt laminate flooring is a new category in the world of decorative products. They are made of intense anti-fingerprint matte, which prevents finger marks. Its surface is subjected to a different technology, at the same time, hard and protective, applied on an Extreme board support, making it a high-range durable product.

INSTALLATION
